World's Outlook

Overall property market and construction sectors will prevail this year. However, there is much frustration in the industry. If you want to succeed in these areas, planning and developing your business is key. Those in the wood and earth element industry are likely to see growth. (Please refer to page 169 for the Business table).

Health:

Please take care of your left leg, as your legs are more accident prone this year. Your heart may also give you problems this year, and if left unnoticed, may turn into a heart attack. You may also be susceptible to skin problems this year. There is also a possibility of a stroke, so be careful. (Please refer to page 168 for the Health table).

Wealth and Career:

This is an independent year with much risk taking. Your risk taking will yield handsome results in the end.

Relationship:

Married people are likely to sleep separately from their spouses. Also, for those who are in a relationship, you must be careful of a third party entering into your relationship. Be careful of separation this year that might end up in court.

Yearly Analysis:

In the beginning of the year, you should not share your plans too easily with others as they may be stolen or sabotaged by backstabbers. You will see some success in your planning, and will receive approval and acknowledgement for them. During the mid-year, you are likely to be preoccupied with planning, and your consultation works and plans are likely to be approved. Your planning and development work is likely to see success. Please take advice from others and make calculated and realistic risks. Do not trust others easily, as some of them may bring relationship, financial and legal problems to you. You should also curb your temper.

Overall:

There is much stress, frustration, some ups and downs this year due to the people around you. Your hard work will eventually pay off.

If you want to succeed in these areas, planning and developing your business is key. Those in the wood and earth element industry are likely to see growth. (Please refer to page 169 for the Business table).

Health:

Your lungs and liver are likely to give you problem this year. Your heart may also give you problems. Also, you have to take care of your right leg, as it is more accident prone this year. You should be careful of the possibility of contracting skin problems. There is also a possibility of a stroke, so be careful. Men must watch out for prostate problems, while women must watch out for cervical issues. (Please refer to page 168 for the Health table).

Wealth and Career:

You should learn to delegate or outsource your work, as you are more likely to see wealth if you do so. You are also likely to take risks this year. Your wealth this year comes from financial planning and development.

Relationship:

Married couples are likely to sleep separately from their spouses. Also, for those who are in a relationship, you must be careful of a third party entering into your relationship. If you are not careful, the relationship may end up in a divorce or separation.

Yearly Analysis:

You are likely to be very outright when talking about financial matters or family this year. You might also be too straightforward with your words. There is a likelihood for you to reiterate your viewpoints, causing people to call you 'naggy'. You are also very emotional this year, so avoid being too sensitive about others' words. Do not overpromise what you cannot deliver. During the mid-year, you may be preoccupied with developmental work. Do not trust others easily, as one or two of them are likely to bring you financial, legal or relationship issues. You are likely to be very obsessed with planning and development this year, as such you should be realistic in your plans. Your advisory work to others will be supported and acknowledged. It is possible you will be faced with challenges, but you are able to overcome them. However, you are likely to be surrounded by corruption this year, so please do not partake in any illegal activities as the risks are greater than the rewards.

Overall:

You are likely to take risks this year. This is a very good and prosperous year for your business.

(Please refer to page 169 for the Business table).

Health:

This year, your heart may give you serious problems, so do not ignore any pains in the chest region. If ignored, it may lead to a heart attack. Your digestive system and kidneys will also give you problems. Men must watch out for prostate problems, while women must watch out for cervical issues. (Please refer to page 168 for the Health table).

Wealth and Career:

Your success comes from risk taking in business opportunities and investment.

Relationship:

For those who are in a relationship, you must be careful of a third party entering into your relationship. Take care of your family as you may have an affair with a third party.

Yearly Analysis:

At the beginning of the year, you are likely to be busy. You will be given many investment and business opportunities, and during the mid-year, you are very likely to take extreme risk in investments. You are likely to be surrounded by corruption, so avoid partaking in any illegal activities. You are likely to do many business, financial planning and development. Your business opportunities can see good results.

Overall:

There are many opportunities with very high risk. Choose your business wisely and you will see success.

Wealth and Career:

This is an enterprising and lucky year for you.

Relationship:

For those who are in a relationship, you must be careful of a third party entering into your relationship. Married couples can hope to have a child this year, while unmarried couples can hope to get married this year. Those who are single have a significant chance of entering a new relationship.

Yearly Analysis:

In the beginning of the year, you will come across many good wealth opportunities. However, you have to be careful of your planning as it is not one of your strengths. Your friends may come and go. You are likely to have a mentor. In the mid-year, you are likely to be enterprising and do quite a bit of troubleshooting. Do not trust everyone fully, and everything must be spelt out in black and white, as one or two people who are close to you may betray you. You may be called naggy as you tend to reiterate your point this year. Also, you are able to deliver what you have promised. You may also be temperamental this year. There are many challenges in your planning and development, but you can overcome them.

Overall:

This is a very good and prosperous year. You need to manage people and make sure everything is done in black and white.

Be careful of your lungs and heart. If your chest region hurts, you should not ignore it as it may lead to a heart attack. You may also be susceptible to skin problems this year. (Please refer to page 168 for the Health table).

A lonesome and busy year, as you have to shoulder responsibilities and tasks independently. Your hard work will pay off.

Relationship:

You may find yourself sleeping apart from your spouse because of work or other reasons. Nonetheless, there is an element of separation as there is a potential third party. Do not be tempted by the opposite sex, as some will approach you this year, and you may end up in misery if you are already in a relationship.

Yearly Analysis:

In the beginning of the year, you have a task in hand. However, always check the direction the task is heading to, as your directions are likely to be off. You will be very busy and responsible with your work. During the mid-year, you will be extremely busy, frustrated and stressed. You will be preoccupied in communication, negotiation, planning and development, and will be very frustrated. You are likely to be obsessed with planning, especially on financial matters, which adds on to your stress. You may also be very temperamental this year, and should learn to curb your temper.

Overall:

This is a highly independent and extremely stressful year. However, your hard work will pay off.
